

## High Quality Craftsmanship

The memorial medallion line showcases the detailed craftsmanship that defines PreMemories. The beautiful medallion images are produced using a customer-supplied photograph, and are one-of-a-kind keepsake pieces inscribed with personalized messages on the back.

## A Variety of Shapes & Finishes

The high quality medallions are produced with superior precision and detail, and are available in a standard 1.5 inch size, and in a variety of shapes, including circular, oval, square or hexagonal. Three main medallion finishes are available in antique bronze, antique gold and antique silver. Other specialty finishes are available upon special request.

Additionally, customers can choose from six different background textures to help design the perfect, unique keepsake. If you need additional sizes or shapes please contact us for pricing.

## Discounts for Large Lots

Memorial Medallions must be ordered in lot sizes that range from 10 to 1000, and significant discounts are available for larger lot sizes.

## Simplified Ordering Process

PreMemories has simplified ordering through the company's website at [www.PreMemories.com](http://www.PreMemories.com). The ordering page guides users through the entire ordering process to determine medallion quantity, finish, texture, and shape. Users simply upload a photo of the deceased and provide the text message that will appear on the back of the medallion, along with basic customer contact

information. Customers can choose to design their own medallion, or PreMemories will custom-design the piece for an additional fee. New orders can be delivered in five weeks, and identical reorders can be delivered in three weeks. PreMemories also provides on-time delivery for funeral services within five to seven days of receiving the order. This "special 7-day rush service" is available only to funeral homes that submit group orders.
